

## Appendix A - Schedule of Fees for 2011 Radioactive Material Licenses

Applicants for radioactive material licenses and other regulatory services and holders of radioactive material licenses shall pay the following fees listed in the radioactive material program's fees web page ( ). The included fee schedule is the base fee beginning [effective date of rules]. For five successive years, the fees shall increase annually. Thereafter, the fees will be adjusted on an annual basis to account for any increase in the consumer price index published by the department of labor, as of the close of the twelve-month period ending on August 31 of each calendar year. The next years fee schedule will be posted on the radioactive material programs web site no later than thirty days after the index is published.
